

### AR information for RLO students

For those families who are choosing the RLO we encourage and expect all 2<sup>nd</sup> – 5<sup>th</sup> grade students to participate in the Accelerated Reader program remotely. This is a reading comprehension program that all 2<sup>nd</sup> – 5<sup>th</sup> grade students participate in and it is a part of their reading grade. Based on the STAR assessment test students have a reading range to choose books from and a goal to meet each quarter. If you do not have this information contact your child's teacher, or one of the librarians.

Students may still check out books from the SCA library. To access the SCA library catalog go to <https://search.follettsoftware.com/metasearch/ui/64498> . If you would like to check books out from the SCA library contact [ggrant@scamail.org](mailto:ggrant@scamail.org) . Of course, your child may use books from home or other libraries. To see if a book is an AR book and the range of a book go to <https://www.arbookfind.com/default.aspx>.

The AR link for our school is <https://global-zone08.renaissance-go.com/welcomeportal/254358> . This is the link for students to take AR tests on. If a child does not know their username or password contact Gayle Grant at [ggrant@scamail.org](mailto:ggrant@scamail.org) . Please be aware of a few guidelines we have in place.

- Students are to take tests on books only. No movies or audiobooks. Remember, this is a reading program.
- Students are encouraged to review the book before taking a test, however, they **may not** have the book open during the test.
- Students are not allowed to get help from anyone (including parents) while taking an AR test. Students may not share answers with other students.
- Testing is only available during school days from 7:30-4:00.

If you have any questions, please contact Gayle Grant.
